Properties

pH = 5.5

Appearance: Thick cream

Straightening can be such a time-consuming and damaging process, but when done right...DAMN you look good, right? This cream will help you drop them jaws. SolAmaze Natural gives your hair beautiful shine and protects those luscious locks from up to 450°F in flat ironing. And when combined with Amaze XT and Structure XL, you will enjoy working this cream through your hair easily and just how long your hair holds that flat-ironed look after you are done. We just ask that you add #ThxSolAmaze to your IG posts!
