## Properties

pH = 4-5 Appearance: Creamy and soft foam with rapid blooming rate

Need to cleanse your curls but don't have the time for a shower? This Fresh Whip does just the trick! By using Dry-Flo PC, this foam can absorb oils and odors from 2<sup>nd</sup>/3<sup>rd</sup>/4<sup>th</sup> day hair And to ensure that the oil removal does not damage your hair, Hydrovance will draw moisture down to the very core of your curls before SolAmaze Natural lays down a barrier to keep the hair moist.

To help soften your curls, a combination fo Celquat L-200 and Arquad PC SV-60 PG deliver great leave-in conditioning and feel.
